### BENEFITS

- Low interior and exterior reflectivity creates a neutral appearance that blends nicely with most décors
- Superior optical clarity and glare reduction
- Blocks 78% of the sun's energy, increasing comfort while reducing cooling costs
- Blocks over 99% of the sun's damaging UV rays extending the life of upholstery, carpet and window treatments
- Backed by an exclusive manufacturer's warranty

ARCHITECTURAL WINDOW FILM

### EXTERIOR

### ENERGY EFFICIENT

SunTek® window films can significantly improve energy savings\* by reducing heat gain and eliminating hot spots. In fact, professionally installed SunTek® window films can prevent up to 84% of the sun's energy from altering the internal environment of a home or office building.

### ENVIRONMENTALLY FRIENDLY

All SunTek® products are environmentally friendly. As a company, SunTek® Window Films also supports environmental causes through volunteerism as well as employee and corporate donations. To learn more about our environmental efforts and for complete product information, visit our website at [suntekfilms.com](http://suntekfilms.com).

\*The amount of savings will differ based on window film used and the size, construction, and geographic location of the home/building.
