SunTek EVOLVE

COOLER FOR EVERY DRIVE
PERFORMANCE FOR EVERY CURVE

When the sun brings on its worst, we bring out our best—SunTek® Evolve ceramic window tint. You can help prevent stifling heat and distracting glare with advanced ceramic innovation from SunTek. Evolve utilizes HeatResist™ technology to help block infrared rays—one of the main sources of uncomfortable car interiors. Rejecting up to 94% of IR heat[†], Evolve lets you take every turn in cool driving comfort.

	VLT	VLR	TSER	IRER	SIRR

*Based on data obtained during product development and subject to change. Data captured using National Fenestration Rating Council's (NFRC) guidelines and calculated for single pane, 1/4 inch (6mm) clear glass. Reported values are taken from representative product samples and are subject to normal manufacturing variances. Actual performance will vary based on a number of factors, including glass type and properties.
